

INTERNATIONAL MONEY TRANSFERS DESIGNED FOR PLAYERS

International money transfers, made easy

As a professional player, you're likely to need foreign currency and international money transfers more often than the average person. From time to time, you may want to:

PAY A MORTGAGE IN ANOTHER COUNTRY

EMPLOY AN OVERSEAS AGENT

SEND MONEY TO FAMILY MEMBERS

PAY INTO FOREIGN SAVINGS ACCOUNTS

MAKE DONATIONS TO CHARITIES ABROAD

BUY FOREIGN CURRENCY FOR HOLIDAYS, TRIPS AND FIXTURES

However, money transfers can be hard to arrange through ordinary banks – and the last thing you need is long phone calls, delayed payments, and exchange rates that could end up losing you money.

Coe Solutions, through our partners Ebury, are here to help you transfer money as easily as possible. And should you need any foreign currency for trips abroad, Link FX, one of the country's largest currency suppliers, can meet your needs in over 50 different currencies.

With our cutting-edge service, currency exchange is quicker, better value and more reliable. And we also pride ourselves on having the best exchange rates internationally.

Our tailored service

We offer professional players a money transfer service tailored to your requirements. As trusted partners of PFA Scotland, we understand players' needs and priorities. And, unlike most financial providers, we offer a personal point of contact – so you will only need one phone call to get started.

TRUSTED PARTNERS

Whatever your currency requirements, our systems – built on 20 years of experience in the business – can send your money to virtually any destination worldwide, in up to 100 different currencies, to be in your overseas account as quickly as possible.

Call us today

If you would like to know more about how we can support you, call us today – we'll be happy to explain our services and how we can help.

How do I know my money is in safe hands?

Our partner Ebury is authorised and regulated by the Financial Conduct Authority (FCA) for its provision of payment services. The FCA's rules ensure that the correct arrangements are in place to protect you. Under its requirements, all client funds are held in segregated client bank accounts: keeping your money separate means it is clearly identified and not at risk.
